📍 202 rue de Vaugirard

75015 Paris

France

With a passion for digital innovation, a dynamic approach, and an open-minded perspective, I place high value on collaborative work. Supported by extensive knowledge gained through my academic path and skills honed across various professional experiences, I am prepared to tackle new challenges. I am seeking opportunities that require advanced expertise in tooling and process management, where I can actively contribute to project success and team goal achievement.

Mobility: International.

EXPÉRIENCES

QA Manager and Lead of URSSAF Domains

CAPGEMINI - URSSAF Mission - Depuis mars 2023

- ▶ Lead of 4 Integration Domains:
Managing the Integration/Reception Sector for URSSAF

COMPÉTENCES

Software Testing and Quality

- Testing Tools: HP ALM, JIRA, TestLink, Mantis, Lotus Notes, SoapUI, Postman, SquashTM ★★★★★
- Testing Methods: Static, Dynamic, Black Box/White Box, Unit, Integration, Acceptance, Validation ★★★★★
- Software Verification and Validation ★★★★★
- ISTQB Agile ★★★★★
- TMAP QCFT ★★★★★
- Jira, Confluence, TestRail, Xray et Git

Additional Testing/QA Tools:

API, Atlassian Jira, Putty, Redmine, Atlassian Confluence, Diagramme de Gantt, IBM Notes, Jenkins, Mantis Bug Tracker, Microsoft Excel, Microsoft Notepad, Microsoft Project, Oracle SQL Developer, PgAdmin, Postman, SAP CDS views, Selenium, SoapUI, TestLink, VMware, WATIR, WinSCP, Wireshark, power bi

Programming Languages & Computer Networks

- Programming Languages: Java, Python, SQL/PLSQL.
- Design and Modeling: UML/OCL, Merise
- Database Management Systems (DBMS): Oracle, MySQL, MongoDB, Neo4j
- Administration and Optimization of Databases on Oracle.
- Computer Networks: CISCO Packet Tracer, CCNA, GNS3, Network Security, Firewall, Cryptography.
- Others: PuTTY, WinSCP, Tech Portal.

Project Management & Quality of Information Systems

- Quality Assurance (ISO 9001)
- Agile Methodologies: Scrum, XP (Extreme Programming)
- Methods & Tools: PERT, GANTT, MS Project
- Mastery and Optimization of Processes
- Enterprise Governance of Information Systems
- Service Management: ITIL

Economics and Management

- Business organization
- General and analytical accounting

Licenses and certifications

- Emerging Leaders, Harvard Business Publishing corporate learning
- ISTQB® Avancé Test Manager
- TMAP - Quality for Cross-Functional Teams
- ISTQB® Certification - Agile Tester Extension
- ISTQB® Certification - Foundation Level

Languages

- Arabe ★★★★★
- French ★★★★★
- English ★★★★★☆
